Responsibility	Coordinators, Educators

Key information:

- Home visits will take place during the hours that care is normally provided.
- Visits can be either announced or unannounced and can occur at different times of the day so that a range of routines are observed.

- **Announced visits can be arranged in consideration of the Educator's personal routines or family obligations. The purpose of the visit and the Educator's remote location may also require the visit to be announced.**
- **Coordinators are required to complete and sign the Visitor's Book following each home visit.**

Policy:

- A support Coordinator will be appointed to each Educator.
- If the support Coordinator is unavailable at any time another Coordinator or the Nominated Supervisor will provide the Educator with any necessary support.
- Coordinators may be rotated annually or at the discretion of the Board of Directors or Nominated Supervisor.
- Home visits will be conducted regularly (at least monthly and more frequently if necessary e.g. if the Educator is newly registered or inexperienced).
- In addition to home visits, Coordinators will maintain regular contact with Educators via the phone, email or playsession.
- If an Educator is not home when a Coordinator visits, the Coordinator will leave a calling card and a follow up with a phone call.
- After each visit, the Coordinator will complete an Educator's Support Record. A copy will be emailed/sent to the Educator. The Educator can add comments, make adjustments, sign the record and return it to the Coordinator.
- The Educator Support Record will document the date and time of the visit, the names of the Educator and Coordinator, the names and ages of children in attendance, if visitors are present, any changes in contract details, updates on vacancies, observed interactions between the Educator and children, practice linked to the National Quality Standard, Service Policies and the Regulations, information that has been delivered or returned, issues and concerns discussed, reminders or due dates and follow up communication with families.
- A re-registration home visit will be conducted annually for each Educator. A Workplace Safety Self Evaluation will be completed in consultation with the visiting Coordinator and related paperwork will be collected.
- The Coordination Unit will supply Educators with the Service mobile phone number to enable emergency communication outside care hours and when the Coordination Unit is closed.
